

# GPV09 POWER UNIT

# STANLEY®

## V SERIES

March 2014

The GPV09 power unit is an extremely lightweight and highly portable unit designed for light to medium duty applications. The GPV09 uses a 9hp Honda engine and weighs only 60 kg. With a balance of portability and power allows easy access in and out of jobsites with minimal equipment management. With a 20 lpm flow the GPV09 is an ideal choice for small to medium construction and demolition and perfect for rental channels.

### Features
